

Advances In Additive Manufacturing AIAM 2022

is the 1st scientific symposium on innovations in additive manufacturing : technologies issues and challenges.

Advances In Additive Manufacturing (AIAM2022) provides an opportunity for meeting and exchange between students, researchers, teachers, industrials and all interested in innovative manufacturing technologies.

The event will include :

- ✓ Plenary sessions
- ✓ Oral communications
- ✓ Industrial applications
- ✓ Round table meeting

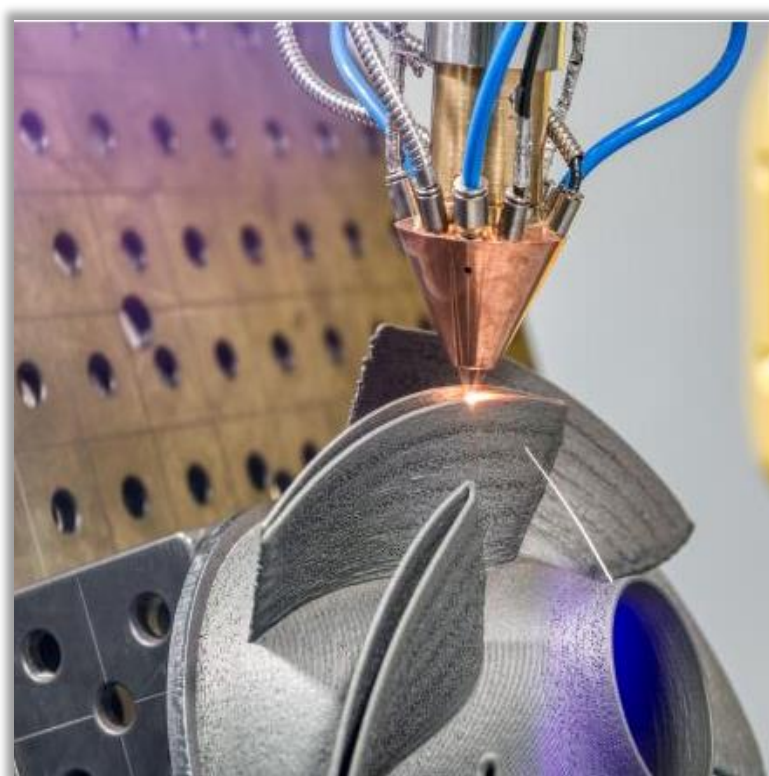

Wednesday, May 11, 2022

from 8H45 AM to 5 PM

At the National Higher Engineering School of
Tunis (ENSIT), Congress room

Topics

**Metallic additive
manufacturing**

3d polymer printing

**Researcher - Industrial
collaboration**

Symposium Chairman

M. Farhat GHANEM

Scientific committee

M. Nouredine BEN YAHYA (LMPE, ENSIT)
M. Tarek MABROUKI (LMAI, ENIT)
M. Habib SAHLAOUI (LMMP, ENSIT)
M. Adel HAMDY (LMAI, ENIT)

Organizing committee

Mme. Houda YAHYAOUI (LMMP, ENSIT)
M. Abdlekrim GHANEM (LMMP, ENSIT)
M. Issam DRIDI (LMPE, ENSIT)
M. Ramzi NASRI (LMPE, ENSIT)
Mme. Asma BELHADJ (LMAI, ENIT)
M. Khalil MANSOURI (LMAI, ENIT)

Students, teachers and industrials are invited to apply
for registration via this link :
